DOCTORS SAID LAST YEAR...

“Speakers were excellent!”
“Good variety.”
“Overall, very good lectures covering a lot of important topics.”
“Fantastic.”
“Excellent program.”
“I really liked the diversity of the speakers.”
“A very good and practical program.”
“Great program—very organized.”
“Excellent lectures.”
“Topics were clinically relevant and practical.”
“Good speakers—bright, straight forward.”
“With few exceptions, most of the speakers were good to excellent. Also with few exceptions, most of the topics were very relevant and useful. Thanks.”

THIS YEAR’S PROGRAM

Come for great CME as well as opportunities to relax with colleagues and friends. The IOA is hosting a welcome reception on Friday evening and nothing completes a full day of CME better than time to socialize. Plan to stop by the hospitality suite for a few minutes anytime between 6:30 p.m. and 9:30 p.m. for cocktails and light hors d’oeuvres. All spouses/guests and children are invited too.

Registered spouses/guests and children are encouraged to join the Advocates for lunch at The Cheesecake Factory on Friday afternoon. Fashion Mall is a great place to shop too.

Diabetes is a global epidemic. Today, the Centers for Disease Control (CDC) states that approximately 1 in 10 Americans has diabetes. By 2050, potentially 1 in 3 Americans could have diabetes unless drastic measures are taken to control this problem. There are presently 57 million Americans with pre-diabetes of which approximately 25% will go on to develop diabetes. Diabetes Mellitus (DM) is one of the leading causes of renal failure, blindness, non-traumatic amputations, and one of the major contributing factors of heart disease and strokes. The direct and indirect cost in 2007 was $174 billion. Presently, there are not enough endocrinologists to meet the need of this growing population. In fact, the number of endocrinology fellowships has been declining over the years as well as the number of practitioners. On Saturday, the IOA along with Marian University is holding the first comprehensive diabetes symposium in the state in which local and national speakers will be discussing a variety of diabetes topics. In the afternoon, physicians will have 4 hands on workshops that will be led by professionals.

At the president’s luncheon on Saturday, we will recognize awards recipients and swear in new officers. Registered spouses/guests are encouraged to have lunch on this day as well.

Your support of the Advocates’ fundraising efforts at our annual convention by buying raffle tickets, making cash contributions, and bidding on items in the silent auction at the Advocates reception on Saturday evening is greatly appreciated. The money raised will go to the Motyka Dannin Osteopathic Educational Foundation to fund forgivable loans to Indiana students in osteopathic medical schools.
