

44TH ANNUAL WINTER UPDATE

December 6 - 7, 2025

The IOA is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians. The IOA designates these programs for a maximum of **15 AOA Category 1-A credits** and will report CME and specialty credits commensurate with the extent of the physician's participation in these activities.

The AAFP has reviewed 2025 Annual Winter Update and deemed it acceptable for up to **15.00 Live AAFP Prescribed credit(s)**. Term of Approval is from 12/06/2025 to 12/07/2025. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP Prescribed credit is accepted by the American Medical Association as equivalent to *AMA PRA Category 1 credit(s)*[™] toward the AMA Physician's Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

IOA's 45th Winter Update
December 5 - 6, 2026

Welcome to the

Indiana Osteopathic Association

44th Annual Winter Update

December 6-7, 2025

Marian University Tom and Julie Wood

College of Osteopathic Medicine

Preconference OMT Workshop

December 5, 2025

Marian University, Evans Center

EDUCATIONAL OBJECTIVES

This Continuing Medical Education (CME) program should benefit all physicians by correcting outdated medical knowledge, providing new knowledge on pharmaceutical advances, and improving physician competence through the mastery of new skills. Completion of this program should allow the physicians to practice with renewed confidence and ability.

CONTINUING MEDICAL EDUCATION COMMITTEE

Rachel Shockley, D.O., Chair

Nick DeFauw, D.O.

Brittany Simpson, D.O.

Jacklyn Kiefer, D.O.

Amanda Wright, D.O.

Welcome/Information1

Agenda..... 3 - 7

Exhibitors, Grantors, In Kind Supporters 9

Faculty 10 - 15

Maps 16

The registration desk will be open from 7:30 a.m. to 5:00 p.m. on Friday, December 5; from 6:30 a.m. to 6:15 p.m. on Saturday, December 6; and from 6:30 a.m. to 3:15 p.m. on Sunday, December 7.

All events in this program are included in registration fees.

CONTINUING MEDICAL EDUCATION PROGRAM INSTRUCTIONS

Kindly put cell phones and pagers on vibrate before entering the lectures. Physicians are reminded to complete, sign, and return your Continuing Medical Education Program Reporting Forms and Pharmaceutical and Practice Tools Update Cards and to complete and return your Evaluation/Outcome Survey Forms for all speakers.

DISTINGUISHED GUEST SPEAKERS

Robert G.G. Piccinini, DO, D.FACN, President of the American Osteopathic Association, will be our guest on Sunday and will provide the AOA Annual Update.

Saroj Misra, DO, ACOFP Governor, will be our guest on Saturday and will provide the ACOFP Update.

MOTYKA DANNIN OSTEOPATHIC EDUCATIONAL FOUNDATION

The Motyka Dannin Osteopathic Education Foundation awards forgivable loans to Indiana students attending osteopathic medical schools. Your support of the Advocates to the IOA's fundraising efforts at our CME program by buying raffle tickets and bidding on items in the silent auction is greatly appreciated. The money raised will go to the foundation.

SATURDAY EVENING PRESIDENT’S RECEPTION — BENEFITING THE MOTYKA DANNIN FOUNDATION

The IOA is hosting a festive Holiday Reception and Silent Auction on Saturday evening from 6:30–8:30 p.m. at Marian University’s Alumni Hall. Join us for appetizers, beverages, live music, and an opportunity to celebrate the holiday season with colleagues and friends. Spouses, guests, and children are invited to attend.

MU-WCOM Pre-Conference OMT Workshop Agenda

Friday, December 5, 2025

Meals in EC124

Lectures in OMM Lab

7:30 AM - 7:55 AM

Continental Breakfast

7:55 AM - 8:00 AM

Welcome & Overview

Anthony Martin, DO

8:00 AM - 9:00 AM (1.0 Credit)

HVLA in the Treatment of Thoracic Dysfunction

Luke Nelligan, DO

9:00 AM - 9:55 AM

OMM for nonspecific GI Complaints

Kylie Ranard, DO; Paul Cooke, DO; Isaac Hartman, DO

9:55 AM - 10:00 AM

Break

10:00 AM - 11:30 AM (1.5 Credits)

The Patient with Shoulder Pain

Jeremy Jones, DO

11:30 AM - 12:30 PM (1.0 Credit)

Lunch and Introduction to the Indiana Osteopathic Education Collaborative

Dr. Clif Knight, MD, CPE, FAAFP

12:30 PM - 1:55 PM (1.5 Credits)

OMT for Infant Care in the Primary Care World

Carly Chapman, DO

1:55 PM - 2:00 PM

Break

2:00 PM - 3:00 PM (1.0 Credit)

Low Back Pain in Pregnancy

Tyler Beach, DO; Mark DeNardin, DO

3:00 PM - 3:55 PM (1.0 Credit)

The Treatment of COPD

Matthew Spousta, DO

3:55 PM - 4:00 PM

Break

4:00 PM - 4:55 PM

Sacral Somatic Dysfunction: Diagnosis and Treatment

Matt Turton, DO

4:55 PM - 5:00 PM

Saturday, December 6, 2025

6:30 AM - 7:00 AM

Continental Breakfast & Visit Exhibitors

(breakfast out until 8am)

Atrium

6:55 AM - 7:00 AM

Welcome & Introductions

David Koronkiewicz, DO, President

LH 1

7:00 AM - 8:00 AM (1.0 Credit)

Aging and the Orthopedic Patient

David Koronkiewicz, DO, MS-HQSM, CHCQM, FAOAO

LH 1

Learning Objectives:

1. Recognize age-related musculoskeletal changes and their clinical implications.
2. Identify common orthopedic conditions in older adults (osteoporosis, sarcopenia, arthritis, fractures).
3. Implement evidence-based prevention and management strategies

8:00 AM - 9:00 AM (1.0 Credit)

Things You Think You Know...

David Blank, DO

LH 1

Learning Objectives:

1. Discuss studies and data that dispute common held beliefs in medicine
2. Discuss how some beliefs can become dogma, even if unsupported by current data
3. Incorporate new information to potentially change current practice

9:00 AM - 9:15 AM

Break - Visit Exhibitors

9:15 AM - 10:15 AM (1.0 Credit)

New Treatment Therapies in Dermatology

Emily Keller, MD

LH 1

Learning Objectives:

1. At the conclusion of this session, the participant will be able to choose new therapies based upon a specific dermatologic disease
2. At the conclusion of this session, the participant will be able to explain the benefits of new topical therapies for atopic dermatitis and psoriasis vulgaris
3. At the conclusion of this session, the participant will be able to identify patients who are candidates for new therapies treating hidradenitis suppurativa.

10:15 AM - 11:15 AM

Legal Issues Affecting Indiana Physicians

Robert E. Saint, Esquire

LH 1

Learning Objectives:

1. Describe recent changes in Indiana Physician Noncompete laws.
2. Review hospital peer reviews to understand how this impacts physicians.
3. Explain physician rights under disability insurance policies.

11:15 AM - 11:30 AM

IOA Annual Meeting / IN-ACOFPP Annual Meeting

David Koronkiewicz, DO; Stephanie Kidd, DO

11:30 - 12:00 PM

ACOFPP Update

Saroj Misra, DO, ACOFP Governor

LH 1

12:00 PM - 12:45 PM**Lunch***Atrium***12:45 PM - 1:00 PM****Visit Exhibitors***Atrium***1:00 PM - 2:00 PM (1.0 Credit)****Taking Care of NICU Graduates**

Joshua Gollub, MD

*LH 1*Learning Objectives:

1. Identify and respond to acute breathing irregularities i.e. BRUE
2. Obtain practical strategies for handling clinical uncertainty when symptoms may or may not indicate serious conditions
3. Understand follow-up recommendations and care coordination with specialists

2:00 PM - 3:00 PM (1.0 Credit)**Osteopathic Management of Pediatric Acute Otitis Media**

Anneliese Huntzinger, DO

*LH 1*Learning Objectives:

1. List the most common etiologies of acute otitis media (AOM).
2. Describe the updated guidelines for AOM diagnosis and treatment.
3. Explain how osteopathic manipulative treatment (OMT) can improve patient outcomes in AOM.

3:00 PM - 4:00 PM (1.0 Credit)**Modern Atrial Fibrillation Treatment Approaches**

Brad Clark, DO

*LH 1*Learning Objectives:

1. Describe the evolution of Atrial Fibrillation treatment.

2. List Atrial Fibrillation Treatment options.

3. Explain to a patient why they may benefit from treatment for atrial fibrillation.

4:00 PM - 4:15 PM**Break/Visit Exhibitors***Atrium***4:15 PM - 5:15 PM (1.0 Credit)****Breast Reduction Mammoplasty**

Chris Lowery, DO

*LH 1*Learning Objectives:

1. Determine who are the best candidates for reduction mammoplasty.
2. Understand the insurance approval process.
3. Understand how reduction mammoplasty is performed.

5:15 PM - 6:15 PM (1.0 Credit)**Brush It Off: Common Shoulder Complaints**

Jacob Holtz, DO

*LH 1*Learning Objectives:

1. Describe the basic anatomy of the shoulder joint and supporting structures.
2. List treatment options and OMT techniques applicable to shoulder complaints.
3. Explain when imaging guidance is and is not needed for interventional techniques.

6:30 PM - 8:30 PM**IOA President's Reception***Alumni Hall, Marian University Campus*

SUNDAY, DECEMBER 7, 2025

6:30 AM - 7:00 AM

Continental Breakfast
(breakfast out until 8am)

7:00 AM - 8:00 AM (1.0 Credit)

Impact of Obesity in Orthopedic Patients
David Koronkiewicz, DO, MS-HQSM, CHCQM, FAOAO
LH 1

Learning Objectives:

At the conclusion of the session the participant will be able to:

1. Improve their understanding of how obesity impacts the musculoskeletal system.
2. Identify common orthopedic conditions associated with obesity.
3. Identify the risk factors for obesity.

8:00 AM - 9:00 AM (1.0 Credit)

Do GLP-1s Stand Up to All the Hype?
Caroline Steinman, DO
LH 1

Learning Objectives:

1. Explain how GLP-1s work
2. Describe the patients that GLP-1s are best suited for and those they are not
3. Explain when to start, stop and hold GLP-1s

9:00 AM - 9:15 AM

Break
Atrium

9:15 AM - 10:15 AM (1.0 Credit)

Uncertain "T" - Considerations in Subclinical Thyroid Disease
Holly Wheeler, DO
LH 1

Learning Objectives:

1. Participants will be able to consider the whole patient's risk/benefits of addressing subclinical thyroid disease.
2. Participants will be able to assess individuals for risk of cardiac complications in the setting of thyroid disease.
3. lowerParticipants will be able to list the symptoms of subclinical hyperthyroidism.

10:15 AM - 11:15 AM

Common General Surgical Problems in the Primary Care Setting
Jingliang Yan, MD, Ph.D.
LH 1

Learning Objectives:

1. Understand the pathophysiology of acid reflux and different treatment options.
2. Describe the common work up for biliary disease
3. Understand and select the appropriate the treatment option for appendicitis

11:15 AM - 11:30 AM

Break/Serve Lunch
Atrium

11:30 - 11:45 AM

Lunch & IOA Awards / MDF Scholarship
David Koronkiewicz, DO
LH 1

11:45 AM - 12:30 PM**AOA Annual Update / Swearing-In IOA Board Members**

Robert G.G. Piccinini, DO, D.FACN, AOA President

Atrium

12:45 PM - 1:45 PM (1.0 Credit)**When to Refer Your Patient for Surgery for GERD**

Jennifer Taylor, DO

LH 1

Learning Objectives:

1. Differentiate the clinical indications for surgical referral versus continued medical management in patients with hiatal hernia and gastroesophageal reflux disease.
2. Evaluate patient's specific factors that influence the decision to pursue surgery.
3. Integrate osteopathic principles by recognizing how structural and functional relationships of the diaphragm, esophagus, and gastroesophageal junction inform clinical decision-making in managing hiatal hernia.

1:45 PM - 2:45 PM (1.0 Credit)**From Viral Fatigue to Vitality: Long Covid and Osteopathic Intervention**

Brittany Simpson, DO

LH 1

Learning Objectives:

1. At the conclusion of this educational session, participants will be able to diagnose long COVID.
2. At the conclusion of this educational session, participants will be able to describe current treatment options for long COVID.
3. At the conclusion of this educational session, participants will be able to describe OMT to treat long COVID through the Perrin technique.

2:45 PM

Adjourn

December 6th, 2025
Motyka Dannin Education Foundation
Silent Auction

Join us on Saturday, December 6 for an exciting Silent Auction benefiting the Motyka Dannin Osteopathic Education Foundation! Bidding will occur all day Saturday, and winners will be announced at the end of the President's Reception that evening. The Motyka Dannin Foundation is a 501(c)(3) not-for-profit charitable organization that provides forgivable loans and learning opportunities to Indiana students in osteopathic medical schools! Bid on some amazing items and help make a difference in osteopathic education.

SuburbanHealth | Provider Recruitment

Work with a Leader in Provider Recruitment

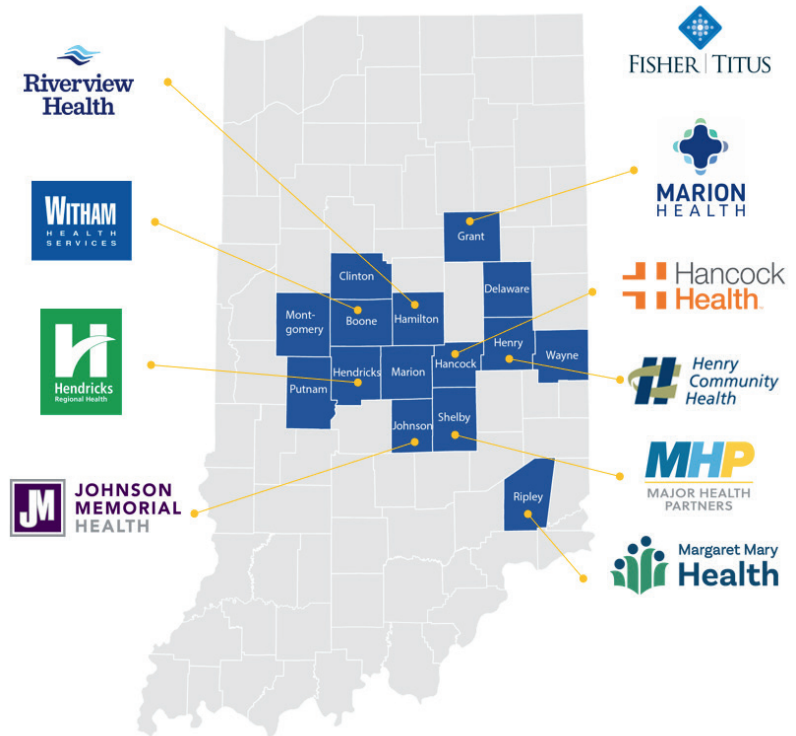

Suburban Health Organization is a leader in Indiana and Northwest Ohio provider recruitment. We provide recruitment services to ten respected and successful hospitals. With a diversity of practice opportunities including suburban and rural opportunities, our knowledgeable team will help you find the perfect fit for your experience and interests.

We would love to work with you to find the perfect community and practice for your career to flourish.

Contact us today to get your search started!

Providers Said It Best...

"SHO was instrumental in helping me find my position. I was able to be interviewed for a position before it was even posted! I highly recommend them!"

We invite you to join our growing communities across Indiana and Northwest Ohio.

Our hospitals offer:

- Flexible scheduling with full-time hospital employed positions.
- A great work/life balance that allows you to enjoy all the amenities our communities have to offer.
- A collaborative environment where physicians have a voice.
- Skilled supportive staff so you can care for your patients.
- Established practice with instant patient panels and room to grow.
- Easy to use EMR systems.
- Competitive salary with a comprehensive benefits package.
- Stipends available for those in residency or fellowship by committing to our hospitals.

The IOA extends appreciation to the following for their participation in this continuing medical education program.

SILVER SPONSORS

NATIONALGUARD.COM/IN

Tyler Beach, DO

Dr. Tyler Beach is a 2018 graduate of Marian University College of Osteopathic Medicine. He completed his residency training in Family Medicine at Franciscan Health Family Medicine Residency Program. He is currently core Family Medicine faculty at

Franciscan Health Indianapolis where he also serves as Director of Osteopathic Education. He is the proud husband to wife, McKenzie, with whom he shares three beautiful children. In his spare time he enjoys reading history books, spending a day at the beach, hiking at state parks, and attending worship concerts.

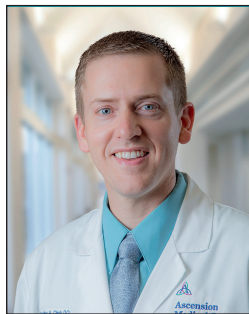

David Blank, DO

Dr. Blank, DO, is a board-certified emergency physician practicing in Indianapolis, IN. He graduated from KCOM, interned at Michiana Community Hospital in South Bend, IN, and did his EM residency at Mount Clemens General Hospital in Mount

Clemens Michigan. Dr. Blank has served on the Board of Directors of his EM group, Emergency Physicians of Indianapolis, Indiana, served two terms on the BOD of Indiana ACEP, and is currently the Vice-President of the Indiana Osteopathic Association and is chairman of the legislative committee for the IOA. Dr. Blank ran as a candidate for the Indiana Statehouse in 2010 and 2012. He has been married for 30 years to his wife, Julia, who is a successful optometrist at Zionsville Eye Care. Together, they have four boys, aged 21, 19, 19, and 18. For Dr. Blank and his wife, who both graduated from Indiana University, having all four boys at Purdue has been painful. He enjoys camping, home remodeling, water and snow skiing, biking, and spending time with his family.

Brad Clark, DO

Dr. Clark, D.O., is a Board Certified cardiac electrophysiologist at Ascension St. Vincent in Carmel, Indianapolis and Lafayette, Indiana. Dr. Clark specializes in treatment of arrhythmias and management of devices including

pacemakers and defibrillators.

Paul Cooke, DO

I desire to provide affordable and sustainable primary care for underserved, under-represented, and insecure communities across Indiana. My goal is to connect, treat, and educate patients and a future generation physicians and learners. Change within

healthcare is found by motivating patients with encouragement and tools to take accountability for their health.

Mark DeNardin, DO

Dr. Mark DeNardin is an Associate Program Director at Franciscan Health Family Medicine Residency. He completed his undergraduate studies at Indiana University before attending Marian University College of Osteopathic Medicine (Class

of 2022). After graduating from medical school, he completed his family medicine residency at Franciscan Health. During his time in residency, he completed high tracks in academic medicine, MAT, OB, and OMT (earning Distinction of Advanced Osteopathic Training). After graduating residency in June 2025, he joined as a full-time Associate Program Director at Franciscan Health. His roles as a faculty member include full-spectrum outpatient and inpatient family

medicine, as well as helping lead the MAT and OMT curriculum. Dr. DeNardin is an Indianapolis native. After being born and raised on the north side of Indianapolis, he has now settled south of the city in Franklin where he lives with his wife and 3 children. Outside of medicine, he enjoys spending time with his family and attempting to keep up with his toddlers, enjoying the local restaurants and festivities, and cheering on Indiana sports (IU, Colts, and Pacers).

Joshua Gollub, MD

Dr. Joshua W. Gollub, MD is a Neonatologist working at Riley Children's Hospital and Eskenazi Hospital. He has interests in medical education and neonatal transport. He has worked with engineering students to understand and mitigate the forces neonates experience during transport.

Isaac Hartman, DO

Isaac Hartman, DO is a PGY-1 Family Medicine resident at Community South Osteopathic Family Medicine. He earned his Doctor of Osteopathic Medicine from Rocky Vista University (RVU) and was the inaugural Osteopathic Teaching Fellow at RVU-Montana College of Osteopathic Medicine, where he developed OMM curriculum, delivered hands-on skills training, and provided one-on-one mentorship to students. His scholarly work includes research on OMT's effect on quantitative ultrasound biomarkers in hypertonic trapezius muscles. He is passionate about OMT, FDM, medical education, and mentorship. Outside of medicine, he enjoys disc golf, art, and live music.

Jacob Holtz, DO

Jacob is a board certified family medicine and sports medicine physician practicing full spectrum outpatient sports medicine. He also covers high school and division III collegiate athletics. He has an interest in ultrasound guided procedural interventions and diagnostic ultrasound.

Anneleise Huntzinger, DO

Anneliese Huntzinger is a D.O. (Doctor of Osteopathy) who specializes in holistic primary care pediatrics and the utilization of Osteopathic Manipulative Medicine (OMM) for all ages. Dr. Huntzinger completed her doctorate at Marian University College of Osteopathic Medicine (MUCOM) in 2018. She then went on to complete her pediatrics residency at Nationwide Children's Hospital in Columbus, OH with extra osteopathic training via the Osteopathic Recognition Track in 2021.

Jeremy Jones, DO

Jeremy Jones, DO, is a clinical associate professor in primary care at Marian University Tom and Julie Wood College of Osteopathic Medicine (MU-WCOM) in Indianapolis, Indiana. He is a member of the American College of Osteopathic Pediatricians, the American College of Pediatricians, the Catholic Medical Association, the American Osteopathic Association, and the Indiana and Oklahoma Osteopathic Associations. Dr. Jones received his Bachelor of Science in Chemical Engineering at

the University of Oklahoma and his Doctorate in Osteopathic Medicine at the Oklahoma State University Center for Health Sciences (OSU-CHS) in Tulsa, Oklahoma. Dr. Jones is board certified in pediatrics. He has experience in teaching and mentoring medical students and resident physicians for thirteen years. Dr. Jones has clinical interests in asthma education and spirometry; medical knowledge acquisition through illness scripts; and clinical decision-making through train-of-thought processes. His academic interests include integrated lecture design and game-based learning.

Dr. Jones has personal interests in his Catholic faith, daily Mass, St. Thérèse of the Child Jesus, Carmelite spirituality, cooking, and chess. Dr. Jones enjoys spending time with his wife, Maria Kayla, and their three daughters: Gemma Rose, Mary Agnes, and Lucy Cecilia.

Emily Keller, MD

Dr. Emily Catherine Keller is a native Hoosier, a board-certified dermatologist and a fellowship-trained laser and cosmetic surgeon. She attended the University of Notre Dame, served as chief resident at the world-renowned Cleveland Clinic and completed advanced training in her fellowship at SkinCare Physicians in Chestnut Hill, Massachusetts. Dr. Keller's involvement in dermatology is more than skin deep. She spends her time authoring peer-reviewed journal articles, book chapters, speaking about her field at a national level, and serving on committees and boards of her professional organizations.

David Koronkiewicz, DO,

David C. Koronkiewicz, DO, is a board-certified orthopedic surgeon with over 30 years of clinical and leadership experience. A graduate of the Philadelphia College of Osteopathic Medicine, he also holds a Master of Science in Healthcare Quality and Safety Management from Thomas Jefferson University. Dr. Koronkiewicz served as Chief of Staff and chaired numerous hospital committees, including the Peer Review and Medical Staff Quality committees, at IU Health Goshen Hospital. His experience as an Orthopedic Surgeon, Physician Advisor, and Medical Director of Quality further deepened his expertise in patient safety, systems improvement, and professional standards. A past and current President of the Indiana Osteopathic Association, he has presented regularly at the IOA's bi-annual continuing medical education seminars. His frontline perspective uniquely positions him to explore the challenges of obesity and aging in the treatment of orthopedic patients. He frequently speaks at the IOA's bi-annual continuing medical education seminars.

Chris Lowery, DO

Dr. Lowery received his undergraduate degree from Indiana University. He received his MA from Ball State University. He attended medical school at KCOM where he graduated in 2000. Dr. Lowery completed his General Surgery Residency at Kettering/Grandview Hospital. Dr. Lowery completed his General Cosmetic Surgery Fellowship in Carmel, IN in 2009. Dr. Lowery is Board Certified in General, Cosmetic, and Facial Cosmetic Surgery. He is past President of the AACS and IOA.

Anthony Martin, DO

Anthony L. Martin, DO, joined the faculty at Marian University College of Osteopathic Medicine in July of 2022. He previously served at Ascension St. Vincent as the Associate Program Director for the Internal

Medicine Residency Program and Academic Hospitalist Medical Director, as well as the President of the Medical Staff.

Saroj Misra, DO, ACOFP Governor

Saroj Misra, DO, FAAFP, FACOFP *dist.*, is an osteopathic family physician located in Warren, Michigan where he is core faculty with the family medicine residency program and chair of the department of family

medicine at Ascension Macomb-Oakland Hospital. In addition, Dr. Misra serves as the associate dean of clinical affairs for the Kirksville College of Osteopathic Medicine at A.T. Still University and also holds a faculty appointment as an associate professor of family & community medicine at Michigan State University College of Osteopathic Medicine.

Dr. Misra is a national faculty member of the family medicine National Board of Osteopathic Medical Examiners and serves on multiple committees with the Michigan Association of Osteopathic Family Physicians. He is the ACOFP representative to the Program and Training Review Council and works closely with the AAFP, AOBFP, ABFM and ACGME on areas related to graduate medical education.

Luke Nelligan, DO

Dr. Nelligan joined the faculty at Marian University College of Osteopathic Medicine in September 2015. He previously served as Director of Medical Education at Community West Hospital in Indianapolis and Director of the hospital's Family Medicine

Residency Clinic at the Speedway Pavilion. He has served as a preceptor for students, interns and residents for over twenty years.

Robert G.G. Piccinini, DO, D.FACN, AOA President

On July 19, 2025, Robert G.G. Piccinini, DO, D.FACN, was inaugurated as President of the American Osteopathic Association. He is the first psychiatrist in AOA history to achieve this honor and is the first graduate of MSUCOM. Dr. Piccinini is an AOA board-

certified osteopathic psychiatrist in private practice.

Outside of his involvement with the AOA, Dr. Piccinini is the past president of the Michigan Osteopathic Association. He also is past president of the American College of Osteopathic Neurologists and Psychiatrists, the Macomb County Osteopathic Medical Association and the Michigan Osteopathic Service Corporation. He worked for Ford Motor Company as a plant physician and profiler.

Dr. Piccinini completed a forensic psychiatry fellowship at the Medical College of Wisconsin where he was tasked with treating patients in the maximum-security unit. He received the Distinguished Fellow award from the American College of Osteopathic Neurologists and Psychiatrists in 2007. He was the youngest member of the specialty college to receive this honor. Dr. Piccinini has given numerous

presentations on domestic violence, violence in the workplace and physician wellness.

Dr. Piccinini earned his osteopathic medical degree from the Michigan State University College of Osteopathic Medicine in East Lansing. He completed an internship at Genesys Regional Medical Center followed by residency training at Henry Ford Health Systems. He also studied Geriatrics at the University of Rome, Italy.

Outside of his medical career Dr. Piccinini has cultivated his passion for cooking and smoking into “Dr. Bob’s BBQ.”

Kylie Ranard, DO

Dr. Ranard grew up in West Lafayette, IN, and earned her BA in Kinesiology and Integrative Physiology from Hanover College. She went on to receive her medical degree from Marian University Wood College of Osteopathic

Medicine. In 2025, she completed her residency at Community South Osteopathic Family Medicine, where she served as chief resident for two years. After graduation, she joined the program as Assistant Director. She is currently working toward completing the Residency Faculty Fundamental Certificate through the Society of Teachers of Family Medicine by Summer 2026.

Passionate about teaching, Dr. Ranard enjoys mentoring residents and medical students both in the classroom and the clinic. She values family medicine for its broad scope: caring for patients of all ages, managing both chronic and acute conditions, and incorporating Osteopathic Manipulative Medicine as part of comprehensive treatment plans.

Outside of medicine, Dr. Ranard enjoys spending time with her husband, young daughter, and dog in Franklin, IN.

Robert Saint, Esquire

Robert Saint graduated from the Indiana University McKinney School of Law in 1979. As a young attorney, he served on a multi-state strike force, The Leviticus Project, where he was regularly appointed as special prosecutor to prosecute securities’ frauds. In private practice, he was engaged in civil litigation and criminal defense. During the past 30 years, Mr. Saint has represented physicians in and outside of Indiana in disability claims and actions against disability insurance companies. Mr. Saint has represented physicians from nearly all specialties suffering from a disability. Mr. has battled nearly every disability insurance company in the United States. Mr. Saint regularly consults physicians about contractual issues and disputes, including the enforcement of noncompetition clauses.

Mr. Saint represents physicians under investigation by the Indiana Attorney General, hospital peer review committees (actions), and represents physicians before the Medical Licensing Board of Indiana.

Mr. Saint has received an AV Rating (the highest rating for competence and ethics) for more than 30 years by Martindale and Hubbell.

Brittany Simpson, DO

Dr. Brittany Simpson, D.O. is a board certified family medicine physician. She completed medical school at Ohio University Heritage College of Osteopathic Medicine in Athens, Ohio and residency at Adena Health System in Chillicothe, Ohio.

She completed a fellowship in faculty development at the University of North Carolina and is currently on faculty as an assistant director at Community South Osteopathic Family

Medicine Residency. Her clinical interests include OMT especially in treating headaches and sacral pain and pediatric development. She has served on the IOA CME committee for 5 years and IOA board of trustees for 2 year. Personal interests include: hiking the national parks, running our Irish doodle, and attending church events.

Caroline Steinman, DO

Dr Steinman graduated from PCOM in 2012. She completed her Family Medicine residency in Washington Pennsylvania. For the past 10 years, she has been working at Good Samaritan Hospital in Vincennes IN. She practices

full spectrum family medicine, including obstetrics and inpatient pediatrics. She is the Medical Director of diabetic education and the medically supervised weight loss clinic. She helped to create and run the only homeless shelter in Knox County. She spends her free time chasing after her 4 boys and farm animals.

Jennifer Taylor, DO

Jennifer Taylor, D.O., FACOS is a dedicated rural general surgeon committed to improving access to surgical care and underserved communities. Practicing at a critical access hospital, she provides a wide range of

essential services tailored to meet the needs of patients who often face barriers to specialty care. Dr. Taylor has developed a robust foregut clinic, focusing on the evaluation and management of gastrointestinal conditions and offering advanced surgical treatment including robot assisted hiatal hernia repair. She is passionate about addressing gaps in care by performing procedures that are otherwise difficult for rural patients to obtain. In addition, Dr. Taylor works closely with patients to

ensure coverage for necessary interventions, helping individuals receive timely, life improving treatment close to home.

Matt Turton, DO

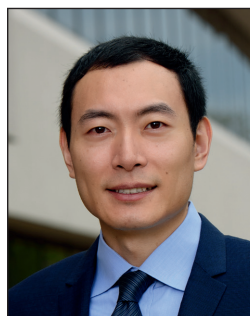

Dr. Turton is currently a second-year family medicine resident at Franciscan Health Family Medicine Residency. His patient care panel focuses on preventative and diagnostic care, and he has special interests in lifestyle medicine, sports medicine, and OMM.

Holly Wheeler, DO

Dr. Wheeler is a board-certified Family Medicine physician and Associate Director for Community South Osteopathic Residency. She was a 2011 graduate of Lake Erie College of Osteopathic Medicine and completed the faculty development fellowship at the University of North Carolina in 2017. Dr. Wheeler's educational interests include specialized education plans, curriculum development, coaching/mentoring, and innovative teaching techniques. She clinically enjoys inpatient, outpatient, community education, geriatrics, pediatrics, newborn care, lactation, women's health and group patient visits.

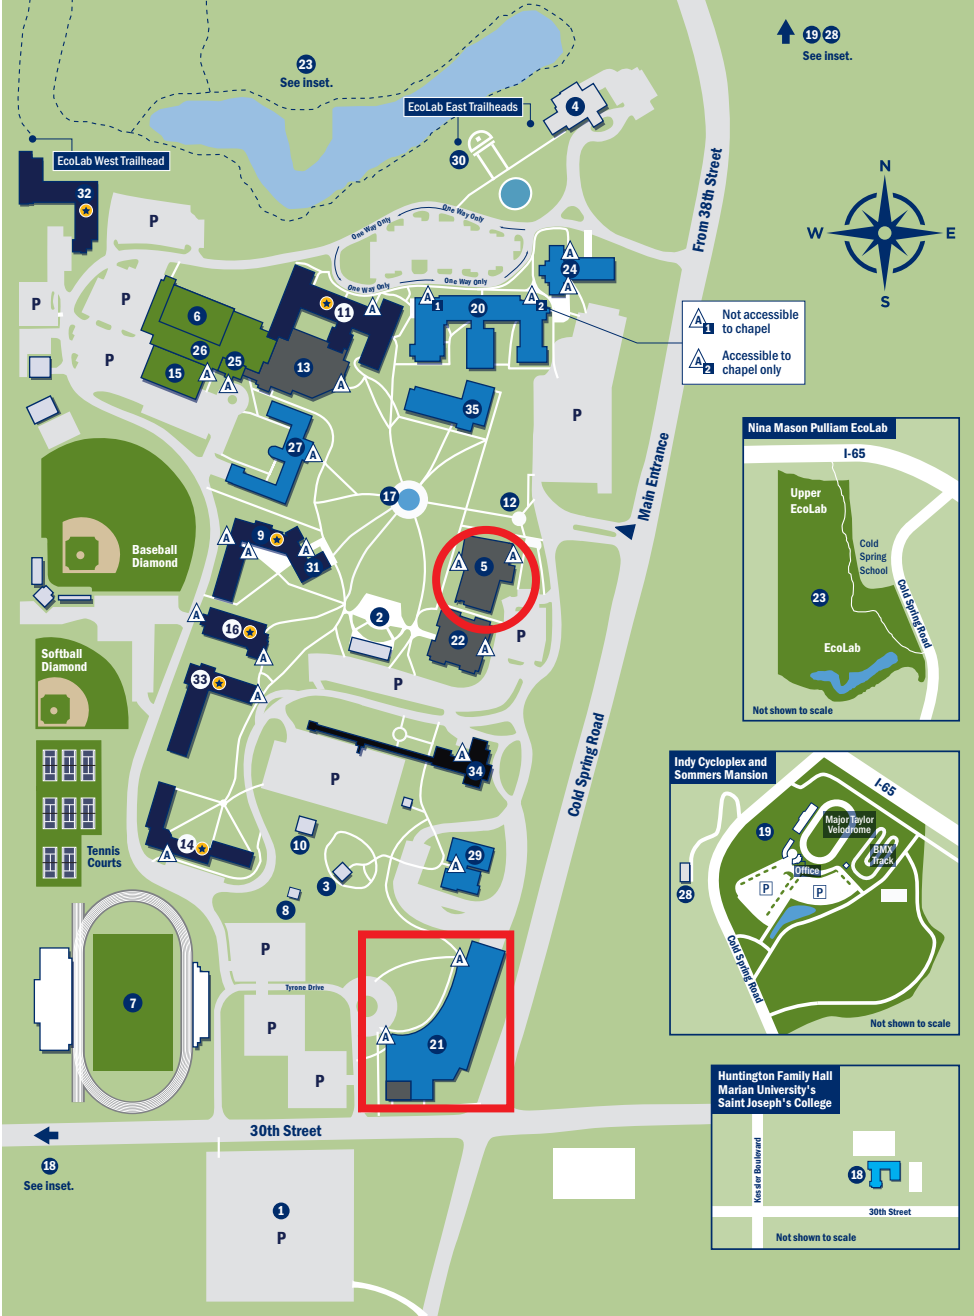

Jingliang Yan, MD, PhD

Dr. Yan is a board certified general and bariatric surgeon at Community Hospital South in Indianapolis. He completed his surgical training at the Cleveland Clinic and Vanderbilt University Medical Center. In addition to his

passion in weight loss treatment (both surgical and medical), he also has a full general surgery practice but specializes in anti-reflux procedures and hernia repairs.

SUPPORTING OSTEOPATHIC MEDICINE

The **Motyka Dannin Osteopathic Educational Foundation**, a 501(c)3 charitable nonprofit, was formed as an initiative of the **Indiana Osteopathic Association** (IOA). Its mission is to raise and distribute funds primarily in support of the study of osteopathic medicine. This includes scholarships, grants for research, seminars, and similar programs. Since 2017, the foundation awarded forgivable loans in the amount of \$10,000 each year.

\$10,000 FORGIVABLE LOAN AVAILABLE!!

FORGIVABLE LOAN QUALIFICATIONS

- **Be an Indiana resident** who is attending an osteopathic medical school in the United States or a student of the Marian University Wood College of Osteopathic Medicine
- **Be a member** of the Indiana Osteopathic Association
- **Be enrolled** as a second or third year medical student and in good standing
- **Present two** letters of recommendation
- **Present one** letter of good standing
- **Submit an application** that includes an essay and list of accomplishments
- **Intend to practice in Indiana** following completion of a residency in family medicine, osteopathic manipulative medicine, general internal medicine, general surgery, psychiatry, general pediatrics, or obstetrics and gynecology (OBGYN) for not less than 24 months

I am truly honored to be named the 2024 recipient of the Motyka Dannin Foundation \$10,000 Forgivable Loan Scholarship. The osteopathic principles of whole-person care, self-regulation, and empathy not only guide how I hope to serve future patients, but also how I strive to live each day with balance, compassion, and purpose.

This award is a reminder of the generosity and vision of the Indiana Osteopathic Association and the Motyka Dannin Foundation, whose support empowers students like me to pursue medicine with excellence and a heart of service."

Austin Layton, OMS-III, MU-WCOM Class of 2027
Marian University Wood College of Osteopathic Medicine

**FORGIVABLE LOAN APPLICATION OPEN
UNTIL OCTOBER 12, 2025!**

NAMESAKES

➔ **Daniel Motyka, D.O.**, from Crown Point, Indiana was one of the IOA's most dedicated members to developing successful CME events. Dr. Motyka's mission was to provide and maintain the highest possible education for osteopathic physicians in Indiana and the surrounding states.

➔ **Arthur Dannin, D.O.**, from Frankfort, Indiana was focused on the osteopathic medical student. He worked tirelessly with the Indiana General Assembly to pass education-friendly legislation, guided students on their paths in medicine, and began some of the initial talks to develop an osteopathic medical school in Indiana.
